INTERNSHIP

KudiBooks, Kigali — *Front-end Developer*

November 2022 - PRESENT

Since November, I have started an internship as a Front-end Developer intern at KudiBooks. I've embarked on a dynamic and challenging journey to enhance MY skills in web development. KudiBooks is a forward-thinking company that specialises in providing innovative digital bookkeeping and financial management solutions.

EDUCATION

ALU, Kigali, Rwanda — Bachelor with honors in Software Engineering

September 2022 - present

I'm a student at African Leadership University pursuing a program in Software Engineering.

Gs o Butare, Huye — *High school- Advanced Level*

January 2017- November 2019

In 2017, I went to study at Groupe Scholaire Officiel de Butare, where I was doing a combination of Physics, Chemistry, and Mathematics (P.C.M.)

G s Kabare, Kibungo — *High school -Ordinary level*

February 2014- November 2016

I attended high school at the ordinary level at Groupe Scholaire de Kabare in Ngoma District.

PROJECTS

Movie Finder Program— This program will display all movies related to the title you seek. The Movie Finder is a user-friendly and understandable web application that enables you to explore numerous movies from different genres and eras. Whether you're a film enthusiast or simply looking for entertainment options for the evening, this app has been developed for you.
